2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Evergreen Institute of Excellence, a Personalized Learning Public Charter School, empowers students to take charge of their education by connecting their individual needs and interests to a rigorous learning plan, thus creating responsible citizens, critical problem-solvers and lifelong learners. Families remain key to the success of the school and our students, coupled with highly qualified teachers and sound standards based curriculum that meets the existing state standards. The teamwork that exists between the families, the community, the staff and the students exemplifies an exceptional learning environment. Evergreen Institute of Excellence relies on three critical elements to successfully educate the student that includes the parent, the student and the highly qualified teacher. The parent educator and credentialed teacher develop the directional elements to help the student develop the personal learning tools to successfully master critical skills. Typically, EIE students have a strong parental leg of the triad, with the teacher acting as a coach to the parent supporting curriculum selections and techniques. Students are empowered to seek out individual activities in order to expand their learning experiences. Students representing grades TK-5 are encouraged to explore subjects, classes, and projects of interest to ensure a more well-rounded, exciting learning experience. Students in grades 6-8 are encouraged to begin developing the skills required to successfully complete the rigor of high school through core subjects and a broad course of study. Finally, high school students continue to stretch themselves from where they are academically to successfully reaching specific goals set by each student towards a college degree or established vocational programs. Continuing in the Evergreen Union School District traditions –

2021-22 School Overview

Evergreen Institute of Excellence offers TK-12 students sound, standards-based instruction with the expectation of increased parental involvement along with standards based curriculum. This free, public school charter is an excellent fit for parents that determine personalized learning education model is the best option for their children and/or family and will be actively participating in their children's education. Teachers and parents work together using appropriate resources will ensure each student maximizes achievement using the Common Core State Standards and California State Standards.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Evergreen Institute of Excellence uses a variety of Textbooks and Instructional Material. This personalized learning charter supports and provides choice of rigorous, standards based curriculum that the credentialed educational specialist and parents decide will be the best for each students' learning. Additional material and enrichment activities are chosen to further customize students' educational experience.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

EIE began their seventh school year August 2021. The cornerstone of our charter is to integrate career and academic learning for improving student achievement, throughout our system. We embrace EC 51228 (b) "...provides an opportunity for those pupils to attain entry-level employment skills in business or industry upon graduation from high school. Districts are encouraged to provide all pupils with a rigorous academic curriculum that integrates academic and career skills, incorporates applied learning in all disciplines, and prepares all pupils for high school graduation and career entry."

EIE is offering CTE courses by building appropriate pathways in sectors for our local area that can be sustained over time. Our CTE Pathways are built using a variety of resources, thus breaking down barriers that many students may be facing. These resources include: in-person learning, online curriculum, utilizing community college classes, exclusive CTE instructor, job shadowing and intern opportunities. The commitment to our High School 2 College option allows students to be successful community college students, enabling them to tap into existing local resources, while we continue to build our program.

As of June 2021 the following Pathways are fully sequenced: Agricultural Mechanics, Animal Science, Design, Visual and Media Arts, Engineering and Heavy Construction, Child Development, Education, Software and Systems Development, Business Management, Patient Care, Machine and Forming Technology, Welding and Materials Joining, Systems Diagnostics, services and Repair and Public Safety.

Additional Pathways are being developed as resources and student interest are available.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

At EIE, the Personalized Learning Education model expects parents to be involved and engaged with their students' education. We offer onsite and virtual parent training/workshops in order to help parents be the best teacher on a daily basis. Parents and students meet regularly with the Personalized Learning Teacher, at minimum every 20-school days, to review student progress and check in with parents. Additionally, students, parents, teachers, support staff connect regularly in order to maintain connections and relationship in a possible non-physical expanse of time. EIE community is very communicative with regular information being exchanged through a variety of methods, such as: Parent Square, email, text, phone calls and video conferencing. EIE is committed to the Parent/Teacher/Student Triad encompassed by Community, Business Partners and Civic Involvement. These elements allow students of Evergreen Institute of Excellence to be well rounded and better prepared for life beyond high school. Our Business Partners are open to job shadowing and internships, in addition to keeping us apprised about the skills and training needed in the every changing job market and career worlds. Additional opportunities for input comes through Parent/Teacher/Student meetings, annual LCAP and/or school climate surveys.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions						

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Due to EIE being located at the middle school campus, we are included into the Evergreen Middle School Safety Plan which is updated annually. We review our Safety Plan annually in September. EIE staff is included in the necessary trainings offered by the authorizing District. Evergreen practices lockdown procedures frequently throughout the year, and we have fire drills monthly. Every visitor must sign in and wear a VIP tag while outside of EIE wing. We encourage all staff and students "If you see something, say something", in regards to unfamiliar faces onsite. EIE is under the Evergreen Union School District's Reopening Plan and follow all COVID guidelines and procedures adopted by the EUSD Board of Trustees.

Professional Development

Evergreen Union School District supports and encourages various forms of professional development. There are two days before school starts devoted to staff development, which encompasses experts either inside or outside our school district providing information to meet the unique needs of individuals and school sites. In addition, every Friday staff are released from instruction early so that they can participate as Professionals Learning in Community (PLC) opportunities; these times are devoted strictly to collaboration or deeper learning in specific areas needing further development or growth provided by experts in the content area or topic. State and local data, needs assessments, and staff surveys drive the professional development. Most recently, the district has recognized a need to (re) build an exemplary system with a focus to simplify, clarify, and prioritize/align the social emotional and academic instruction our students receive. Professional development across grade level and content area groups are presently focused on this opportunity to learn together. Additionally, Evergreen Institute of Excellence further supports professional development by providing opportunities to collaborate with similar personalized learning programs, participate in workshops/trainings specific to our type of program and areas of need such as Math. EIE Teachers participate in bi-weekly meetings focusing on student achievement data, curriculum and parent development as teachers.

This table displays the number of school days dedicated to staff development and continuous improvement.
