## WELCOME BACK EVERGREEN FAMILIES!

Every year we ask our families to fill out new applications for our school meal program. The information we receive on these forms is VERY important to us/you for two reasons:

1. The information on this application/income form helps to make a determination as to the status of your student's qualification for free or reduced meals. While all students are eligible for **FREE** meals this school year, determination of eligibility may also qualify your family for free/reduced child care fees. ***If an application is not completed, you will not receive this benefit.***
2. Applications/Income forms are used to determine the level of revenues our District receives. Our funding is **greatly** reliant upon the percentage of students qualifying for free and reduced meals.

The meal application form is very easy to complete and your information is kept CONFIDENTIAL.

Please support our Meal Programs by completing your application today. You are encouraged to apply online at <https://lingconnect.com/> or additional forms are available at the school offices and on our website (evergreenusd.org). Please apply as soon as possible.

Please contact Beth Pulfer @ (530)347-3411 ext.7533 if you have any question or need assistance.
