## **Your Child's Fair Share Survey 2024-2025**

(Complete **ONE** Survey per EUSD Household)

Please complete the survey using <https://lingconnect.com/> or print and sign the form. Return it to your child's school. This Survey cannot be processed without ALL of the following 3 pieces of information:

1. The name of the child or children attending California K-12 School
2. House Hold Size and Income Scale
3. Sign and Date

### **FAQ**

#### **1Q. What is Your Child's Fair Share?**

1A. Your child is entitled to federal tax dollars collected by the federal government. In order for your child's school to collect these funds this form must be filled out. This is "your child's fair share" of tax dollars.

#### **2Q. Who will see this form?**

2A. This form will ONLY be seen by a designated school official. This information WILL NOT be sent to any other agency.

#### **3Q. What kind of funding will this effect?**

3A. This form effects:

- E-Rate technology funding
- Millions of available dollars in grants
- State entitlement fund
- State Title I funding
- Free and reduced lunch

#### **4Q. How is my school's fair share determined?**

4A. The Federal Government determines this based on national family income amounts. The more households that meet the federal standard the more money our schools get. Well over 55% of all Tehama County and Shasta County households meet this survey standard.

### **Who should I include in “Household Size”?**

You must include yourself and all people living in your household, related or not (for example, children, grandparents, other relatives, or friends) who share income and expenses. If you live with other people who are economically independent (for example, who do not share income with your children, and who pay a pro-rated share of expenses), do *not* include them.

**What is included in “Annual Household Income”?** Annual Household Income includes the following:

- **Gross earnings from work:** Use your gross income, not your take-home pay. Gross income is the amount earned before taxes and other deductions. This information can be found on your pay stub or if you are unsure, your supervisor can provide this information. Net income should only be reported for self-owned business, farm, or rental income.
- **Welfare, Child Support, Alimony:** Include the amount each person living in your household receives from these sources, including any amount received from CalWORKs.
- **Pensions, Retirement, Social Security, Supplemental Security Income (SSI), Veteran’s benefits (VA benefits), and disability benefits:** Include the amount each person living in your household receives from these sources.
- **All Other Income:** Include worker’s compensation, unemployment or strike benefits, regular contributions from people who do not live in your household, and any other income received. Do not include income from CalFresh, WIC, federal education benefits and foster payments received by your household.
- **Military Housing Allowances and Combat Pay:** Include off-base housing allowances. *Do not* include Military Privatized Housing Initiative or combat pay.
- **Overtime Pay:** Include overtime pay **ONLY** if you receive it on a regular basis.

### **How do I report annual household income for pay received on a monthly, twice a month, every two weeks, or weekly basis?**

- Determine each source of household income based on above definitions. Households that receive income at different time intervals must annualize their income as follows:
  - If paid monthly, multiply total pay by 12
  - If paid twice per month, multiply total pay by 24
  - If paid bi-weekly (every two weeks), multiply total pay by 26
  - If paid weekly, multiply total pay by 52
- Add annualized pay together to determine the total annual household income and check the box on the other side of this form if it is within either of the ranges displayed for your household size.
- If your household size exceeds the size on the chart, list household size and total annual household income in the space provided.

If your income changes, include the wages/salary that you regularly receive. For example, if you normally make \$1,000 each month, but you missed some work last month and made \$900, put down that you made \$1,000 per month. Only include overtime pay if you receive it on a regular basis. If you have lost your job or had your hours or wages reduced, enter zero or your current reduced income.
